Job Details: Expression of Interest – CONSULTANTS TO DEVELOP A SAFE WEB-BASED APPLICATION FOR THE NCNM

The National Council of Nurses and Midwives (NCNM) is a public institution established by Act of Parliament N°25/2008 of 25/07/2008 to regulate nursing and midwifery professions for public protection by ensuring that nurses and midwives are capable of providing safe and effective care as well as safeguarding the integrity of the profession.

The NCNM head offices are located at Kicukiro Centre, building opposite the head office of Kicukiro District, KK 15 Road.

The NCNM is seeking a consultant to develop its safe Web based application. The consultant must be a company (holding certificate of registration) or an individual consultant qualified and experienced in the field of Application (database) development. Proof of previous similar services and client references must be provided.

The ideal consultant or team will have at least the following qualifications:

Handwritten mark

- a) The consultant and his team shall have a minimum of 3 years' experience and capabilities in the field of enterprise software development (proof is highly needed).
- b) The consultant should have executed similar works and proof is much needed; at least 3 references and show the document related to that reference.
- c) Consultant Administrative documents.

a) Team qualifications

The consultant shall provide CVs and valid diplomas / certificates where requested of at least key staff with concrete evidence of previous experiences of similar assignments as follow:

- 1 Team Leader;
- 1 Software/application developer;
- 1 Database designer and developer
- 1 Trainer and Relation communication

i. Team Leader: 1

- Must possess at least a Bachelor's degree in Information Management/ Computer Science or its equivalent
- Must have at least a certificate in database management
- Must have at least 5 years' experience in developing Software

ii. Application Developer: 1

- University degree in Information Management/ Computer Science or its equivalent
- Must have at least a certificate in database management from Microsoft
- Experience in designing and administering Relational SQL databases

iii. Database designer and developer: 1

- Should have at least a bachelor's degree in Computer related field
- Should have at least 3 years as senior database developer for enterprise applications
- Should have experience of database design and development using both windows and LINUX.

iv. Trainer and Relation communication

- Should have at least a bachelor's degree in Information Management/ Computer Science or its equivalent.

A compulsory visit to the site guided by the NCNM officers shall take place **on 9th March, 2017 at 10:00 a.m.**

Expression for interest letters are to be submitted on **13th March, 2017 before 5.00p.m.**, to the NCNM Administrative Office.

Only those who would have submitted expression for interest letters and been selected will be invited to submit their technical and financial proposal.
